*Ethics Rule:* An appraiser must promote and preserve the public trust inherent in appraisal practice by observing the highest standards of professional ethics. Reviewer's Explanation:

*Record Keeping Rule:* An appraiser must prepare a workfile for each appraisal, or appraisal review, or appraisal consulting assignment. A workfile must be in existence prior to the issuance of any report. A written summary of an oral report must be added to the workfile within a reasonable time after the issuance of the oral report. An appraiser must also retain the workfile for a period of at least five years after preparation, or at least two years after final disposition of any judicial proceeding in which the appraiser provided testimony related to the assignment, and the appraiser must have custody of the workfile, or make appropriate workfile retention, access, and retrieval arrangements with the party having custody of the workfile.

Does appraisal report reveal any apparent violations of the USPAP Record Keeping Rule by the appraiser?  Yes  No

Reviewer's Explanation:

*Competency Rule:* An appraiser must: (1) be competent to perform the assignment; (2) acquire the necessary competency to perform the assignment; or (3) decline or withdraw from the assignment.
