February 20, 2014 Meeting Minutes

A. OPENING

Chairman Philip Barkley called to order the February 20, 2014 meeting of the Nebraska Real Property Appraiser Board at 9:03 a.m., in conference room “F” located on the lower level of the Nebraska State Office Building, 301 Centennial Mall South, Lincoln, Nebraska.

The agenda was kept current in the Nebraska Real Property Appraiser Board office and on the Board’s website. Materials generally used by the Board for this meeting were available in the public folder for inspection by the public, and in accordance with the Open Meetings Act. The Nebraska Real Property Appraiser Board will meet in executive session for approval of applicants and enforcement matters.

Board Member Kubert moved that the Board go into executive session for the purpose of reviewing applicants for credentialing, applicants for appraisal management company registration, investigations, and other sensitive matters. The motion carried with Langemeier, Saxton, Kubert, Woodle and Barkley voting aye.

Break from 10:26 a.m. to 10:42 a.m.

G. WELCOME AND CHAIR'S REMARKS

Chairman Barkley welcomed guest and brought attention to the fact that this is the last board meeting for Staff Assistant Parris. The Chairman informed the Board that before Ms. Parris started, he didn't know if he would have reservations when he arrived at the hotel the night before a meeting, but Ms. Parris was always one step ahead. Chairman Barkley recognized Ms. Parris for her work done over the past year, and presented to her a clock showing the Board's appreciation for her service. Diane Moore was the only public member in attendance.

H. BOARD MEETING MINUTES

Chairman Barkley asked for any additions or corrections to the January 16, 2014 minutes. Board Member Kubert indicated that many of the section letters do not match the agenda. M. UNFINISHED BUSINESS

1. **COUNTY APPRAISER CONTRACTS UPDATE:** No update.
2. **NEW CREDENTIAL UPDATE:** No update.
3. **NRPAB STANDARD 3 REVIEWER PROGRAM:** Compliance and Licensing Specialist Weir updated the Board on the progress of the Standard 3 Reviewer Program. Board Members Barkley and Kubert met with Compliance and Licensing Specialist Weir and Director Kohtz to discuss the direction of the program. During the meeting, the basic concepts of the program were developed. Discussions included the development of qualifications, education components, and a designation for any appraiser that completes the requirements. Finally, the maintenance of the designation was discussed. Ms. Weir will prepare two sets of standards before next meeting. The first set of standards will outline the current criteria for selection of a standard 3 reviewer, and the second set of standards will outline the future criteria once the program is established. Compliance and Licensing Specialist Weir will also develop a confidentiality agreement to be sent to the review appraiser with the engagement letter.

N. NEW BUSINESS

1. **BUSINESS AND EDUCATION SPECIALIST POSITION:** Director Kohtz once again welcomed new Business and Education Specialist, Natasha Olsen. The Director informed the Board that the hiring process is complete, and the training process has already begun.

2. **CERTIFICATE OF GOOD STANDING REPORT:** Compliance and Licensing Specialist Weir presented the Certificate of Good Standing Report to the Board for review. Ms. Weir provided a brief explanation of the report. Director Kohtz reminded the Board that it asked staff to track the processing of certificate of good standing requests through the end of the year to determine if the volume processed warranted charging an administrative fee. The Board has the authority to collect a fee up to \$10.00 for processing a certificate of good standing request. The Board did not feel that the volume of certificates processed warranted charging an administrative fee. No action taken.
3. **CREDENTIALLED APPRAISER APPOINTMENT ON COUNTY BOARD OF APPRAISERS:** Board Member Kubert brought attention to Neb. Rev. Stat. §76-706, which outlines the requirements for selection to a county board of appraisers for the purpose of appraising real property sought to be condemned. Board Member Kubert informed the Board that one appraiser appointed by a county judge shall be a credentialed real property appraiser, unless the county judge finds that no credentialed real property appraiser is a disinterested freeholder in the county. Board Member Kubert went on to say that there have been reports that certified residential or licensed residential appraisers may be serving on the county board of appraisers, and violating the Real Property Appraiser Act by appraising commercial property. If a person is acting in the capacity of a credentialed real property appraiser, that person must adhere to the scope of work requirements in the Act. The Board agreed with Board Member Kubert's assessment, and agreed that this situation needs to be monitored. No action taken.
4. **CONSOLIDATION OF LEGAL FEES BY INVESTIGATION:** Board Member Kubert asked Director Kohtz if there is a way to track the actual costs associated with investigations. The Board typically recoups costs associated with Standard 3 reviews, but does not recoup other investigative costs. The Director responded that keeping track of personnel time related to investigations would be the easiest portion to track. Keeping track of specific resources and legal fees would be more difficult. The Board typically does not receive a bill from Special Assistant Attorney General Blake until after the consent agreement is executed. Director Kohtz indicated that he will check into this question, and also discuss billing with Mr. Blake and report back at the March meeting.
5. **ELECTRONIC USPAP FOR CREDENTIALLED APPRAISERS:** A discussion took place regarding the Board's owned PDF version of USPAP, and the possibility of placing it on the website for public use. Understanding that an individual may be able to download or save the PDF version, the Board asked Director Kohtz if The Appraisal Foundation would have any issues with placing the PDF version on the website. Director Kohtz responded that he didn't have to sign anything or agree to not distribute the PDF version when he purchased the Board's copy, but also admitted that he has not looked into this at all. The Board asked Director Kohtz to look into this and provide a report at the March meeting.
6. **MID-YEAR STRATEGIC GOALS AND OBJECTIVES REPORT:** Director Kohtz presented the goals and objectives set at the Board's June 12, 2013 meeting to the Board for review, and briefly summarized the status of each short term goal or objective. The majority of the short term goals have been met or are in progress. The Director indicated that he anticipates that work will start on the education focused goals once Business and Education Specialist Olsen gets settled.
7. **JANUARY 1, 2015 AQB REAL PROPERTY APPRAISER QUALIFICATIONS CHANGES:** No discussion.

8. **WEBSITE UPDATE:** Board Member Saxton brought attention to the wealth of information found in the Illinois Department of Financial and Professional Regulation's newsletter. Director Kohtz was asked if a link to news from other states could be included on the Board's website. Director Kohtz indicated that a link will be added to include news from other state appraiser regulatory agencies.

O. LEGISLATIVE REPORT AND BUSINESS

1. **LEGISLATIVE BILL UPDATE:** Director Kohtz provided an update to the Board regarding legislation introduced during the current session, and carried over from the previous session, that the Board may have interest in. The Director addressed the following bills specifically:

LB48 – This bill was placed on General File with an amendment on February 7, 2014.

LB145 – This bill was named a priority bill by Senator Brasch on February 13, 2014.

LB371 – An amendment was added to this bill to specify that the requirements outlined in the bill apply to administrative services only. There is no need for the Board to track this bill any further.

LB670 – This bill reduces agricultural land valuations from 75% to 65% for taxation purposes. Senator McCoy named this a priority bill on February 13, 2014.

LB684 – The hearing before the Banking, Commerce and Insurance Committee was held on January 27, 2014. Board Member Kubert and Director Kohtz testified in support of the bill, and Bob Hollstrom with the Nebraska Bankers Association testified neutral. The Nebraska Bankers Association requested an amendment to address concerns the organization had. The language expanding authority to collect administrative fees was stricken, the language regarding appraiser indemnification was changed to not include services provided by the appraiser such as the development and reporting of an appraisal or appraisal review, and finally, the language "including dismissal with settlement" was removed from the language concerning disciplinary actions. Director Kohtz informed the Board that he worked diligently to move the bill, but has been unsuccessful. The Director spoke with Bill Marienau to get a feel for the Committee's thoughts, and Mr. Marienau indicated that the bill likely contains too much information to cover in a small amount of time for the Senators to feel safe. Chances of this bill moving out of committee are slim.

LB685 – The hearing before the Banking, Commerce and Insurance Committee was held on January 27, 2014. Board Member Kubert and Director Kohtz testified in support of the bill, and Corby Gilbertson, lobbyist for the Nebraska Realtor's Association, and Steven Shultz testified in opposition. The Nebraska Realtor's Association felt that the appraiser independence clause is unnecessary and covered by existing laws. Attempts have been made by Board Member Kubert, Director Kohtz, and Senator Christensen's office to contact various representatives for the Nebraska Realtor's Association to discuss a resolution to the organization's opposition, but the attempts have been unsuccessful. The Director spoke with Bill Marienau to get a feel for the Committee's thoughts, and Mr. Marienau indicated that without resolution there is little interest to move the bill.

LB717 – The hearing before the Banking, Commerce and Insurance Committee was held on January 27, 2014. Board Member Kubert, Director Kohtz, and Bob Hollstrom with the Nebraska Bankers Association testified in support of the bill. The bill was placed on General File on January 30, 2014, and it should be known by tomorrow if the bill gets speaker priority. So far LB717 is moving smoothly.

LB718 - This bill requires that agencies prepare and publish a semiannual agenda for rules and regulations under development or review or planned development or review. The agenda shall be published within 30 days following the end of each regular legislative session and by October 15. An agency may not adopt, amend, or repeal a rule or regulation not included on the semiannual agenda except for specified circumstances. Director Kohtz indicated that there are no concerns with this bill, which promotes government transparency. Director Kohtz informed the Board that there were a few bills introduced addressing rules and regulations. The Director went on to say that he is unsure of the reason, but it appears to be targeted at specific agencies. Board Member Langemeier responded that the Legislature has had trouble getting HHS to put rules into place for legislation passed that affects the agency. It is likely that these bills are to address the Legislature's concern with this situation.

LB719 – This bill adds a public comment summary as part of the information an agency prepares before submission to the Secretary State, Attorney General and Governor. The report will also contain written responses from the agency to the issues or questions raised in the hearing process. Director Kohtz indicated that there are no concerns with this bill, which promotes government transparency. The bill was placed on General File with an amendment on February 4, 2014.

LB720 – This bill provides a process for senators to file a complaint regarding proposed regulations on the basis that the proposed rule is in excess of statutory authority, is unconstitutional or is inconsistent with the legislative intent of the authorizing statute. This bill also adds additional criteria under which a complaint may be filed. Director Kohtz indicated that there are no concerns with this bill, but also wonders about the intent because the Attorney General's Office reviews all proposed rules to determine if the rule is within statutory authority. The hearing before the Executive Board took place on February 6, 2014.

LB723 – This bill creates a sub-class of irrigated cropland when using the sales comparison approach of land valuation for agricultural or horticultural lands. The hearing before the Revenue Committee took place on February 19, 2014.

LB733 – The hearing for this bill before the Revenue Committee took place on January 23, 2014. Board Member Kubert and Director Kohtz testified in opposition. There has been no action on the bill since the hearing. Director Kohtz informed the Board that he does not anticipate that the bill will move out of Committee.

LB763 – This bill would require state agencies to file a report identifying low-utilization, low-priority, and inefficient programs. The report would include recommendations for improvement or elimination of such programs. Director Kohtz indicated that there are no concerns with this bill, but once again wonders about the intent. The same analysis is completed during the budget request process. The hearing before the Executive Board took place on January 30, 2014.

LB813 - This bill reduces agricultural land valuations from 75% to 65% for taxation purposes. The hearing before the Revenue Committee took place on February 7, 2014.

LB837 – This bill would prohibit the Department of Administrative Services from authorizing agencies with seven or fewer full time employees from conducting their own expenditure preaudits. Director Kohtz informed the Board that this bill would have no impact on the agency's operations. The agency already has all preaudits performed by AS Central Finance. The Director also stated that there are no plans to have preaudits performed within the agency.

LB885 – This bill allows for an owner of two or more vacant unimproved lots in the same tax district to choose to have the parcels treated as one parcel if for sale or resale. If this choice is made by the owner, the county assessor shall utilize the income approach, including use of a discount cash flow analysis. Board Member Kubert indicated that he is watching this bill for non-Board related purposes because of how the bill would affect valuations.

LB909 – This bill would amend the Administrative Procedures Act to require state agencies that promulgate rules and regulations to submit a list of all the agency's regulations that are in effect and that have been in effect for more than five years. Director Kohtz indicated that there are no concerns with this bill. The hearing before the Executive Board took place on February 6, 2014.

LB932 – This bill requires that an applicant for employment must meet the minimum standards for the position before a background check can be conducted by a public entity. Director Kohtz indicated that there are no concerns with this bill, and that the agency does not do any background research on an applicant for employment until it intends to offer the position to the applicant. The hearing before the Business and Labor Committee took place on January 27, 2014.

LB996 – This bill requires state agencies to respond to written requests for information from a member of the Legislature, employee of the Legislature, Legislative Fiscal Office, or the office of Legislative Research within four business days. Director Kohtz indicated that there are no concerns with this bill, and it is the agency's priority to respond to requests by the above mentioned in a timely manner. The hearing before the Executive Board took place on February 6, 2014.
